

# TECH-KNOW TRAIL

Get Active. Learn. Have Fun.

Tech-Know Trail is a new, exciting treasure hunt style game developed by Wildgoose, in partnership with County Durham Sports, designed to get primary school pupils more physically active throughout the school day by making Maths and English lively and fun!

For more information

alice.miller@wesport.org.uk

With content written by teachers – Tech-Know Trail combines modern technology and orienteering skills with the Key Stage 1 & 2 National Curriculum for Literacy and Numeracy, helping schools to support learning through active and engaging lessons.

A great idea to get students active, while answering questions directly linked to the KS1 and KS2 arithmetic and GPS content.  
Our pupils loved it and had lots of fun!  
- Rachel Mantley, Cotsford Junior School
