Physical Challenge

Gather as many tags as possible in order to solve the Thinking Challenge.

This could be via the games opposite.

Thinking Challenge

Challenge children to create wheels or rings of letters on the ground. There needs to be a mix of consonants, vowels (and di/trigraphs etc if appropriate). The number of wheels or rings needs to be agreed beforehand.

Move to another Team Zone. Challenge children to create words by moving from one wheel or ring to the next. They can start wherever and move inwards or outwards. For example:

st > oo > p
st > ee > p
d > ea > th
tr > oo > p

Rotate Teams as appropriate.
